FAMIS in the FIELD
FAMIS in the FIELD

Background

• FAMIS History at Caltech
• CMMS (FAMIS) vs IWMS
• Transition to IWMS Timeline:
  – July 2014: Selection of new IWMS system
  – June 2015: Begin implementation
  – Winter 2015: NEW SYSTEM!
• Next 18 months, Caltech builds a tech savvy workforce
  – FAMIS in the Field, Caltech O&M One, etc.
Facilities Software Vendor Selection

IWMS: Integrated Work Management

CMMS: Computerized Maintenance Management

Facilities Management has been working steadfast and as quickly as possible to review new Maintenance Management software solutions in order to improve our systems and ability to respond to Demand Maintenance Management. The field of possible vendors has been narrowed to two! We are prepping a Request For Proposal for the final vendors and will be making a decision about which direction we’ll be heading in the coming months. Stay tuned!

Facilities Updates
May 27 – June 9, 2014
FAMIS in the FIELD

WHY?

• Increase our comfort & use of FAMIS (current system)
• Build a workforce using best tools of technology
• Be ready for new IWMS system in Winter 2015
• Be the BEST and embody our mission
  – Be the #1 Higher Ed Facilities Department in the World
Caltech Facilities Department Mission:

To provide professional, quality service to the California Institute of Technology by an efficient, dedicated and well trained team.
FAMIS in the FIELD

How do we do this?
Over next 18 months, learn **FOUR NEW TOOLS**

1. **UPDATE WO ACTIVITY**: Same Day and Within FAMIS
2. **Use FAMIS EMAIL TEMPLATES**: for improved customer communications
3. **REQUEST ALL MATERIALS VIA FAMIS**: Check stock and create “Issue Request” for materials regardless of availability onsite
4. **COMPLETE TIMECARDS WITHIN FAMIS**: no paper entry
FAMIS in the FIELD

WHY? (again)

• Help you do your work without extra paper, time spent on things that shouldn’t be your job
• Because we’re Caltech
